Launching of Satellites

†3944: PROF R.B.S. VARMA: Will the PRIME MINISTER be pleased to state:

(a) the number of satellites launched during the Ninth Five Year Plan period;

(b) the number of those which were successful and are working in the space;

(c) the number of satellites proposed to be launched during the Tenth Five Year Plan period; and

(d) the salient features of those satellites?

THE MINISTER OF STATE OF DEPARTMENT OF SPACE (SHRIMATI VASUNDHARA RAJE): (a) Eight satellites have been launched durirg the Ninth Five-Year Plan period.

(b) Out of the 8 Satellites launched, 6 were operational satellites and 2 were experimental satellites. All the operational satellites have been successful and put to operational use except INSAT-2D satellite which was abandoned in October, 1997 due to unexpected massive shortage in the power supply system in the satellite. (The loss was Compensated by the insurance proceeds and further, to maintain the INSAT space segment capacity. ARABSAT-1C was procured in orbit and re-designated as INSAT-2DT). The experimental satellites launched during Ninth plan have also fulfilled the test objectives.

(c) It is envisaged to launch about 22 satellites during the Tenth Five Year Plan period.

(d) The salient features of the satellites planned for the Tenth Plan are:

(i) Fourth generation INSAT-4 satellites with high power transponders.

(ii) Radar Imaging Microwave Satellite.

†Original notice of the Question was received in Hindi.

(iii) High resolution remote sensing satellites.

(iv) A joint Indo-French satellite 'MEGHA-TROPIQUES" for the study of tropical weather systems.

(v) Multi-wavelength astronomy satellite "ASTROSAT".
